

US-PAT-NO: 5805289

DOCUMENT-IDENTIFIER: US 5805289 A

TITLE: Portable measurement system using image and point
measurement devices

----- KWIC -----

Claims Text - CLTX (7):

f) a monitor for modifying the 2D digital images to be correctly viewed from a user-provided viewpoint, for displaying the modified 2D images with the absolute 3D photogrammetry, and 3D measured locations superimposed upon them in correct registration to a user as viewed from the given viewpoint;
